Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 1600 on Saturday 09 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain, mainly in west Sunday, snow possible far north.

This Evening and Tonight:
Rain will turn light and patchy this evening, also becoming confined to Lochaber as clearer colder weather spreads to the north, bringing frost and icy patches. Rain returning to the Western Isles by morning. Minimum temperature -3 deg C (27 deg F).

Sunday:
A cloudy day with outbreaks of rain, these more persistent over the West Highlands. Still cold enough for some snow in far north, mainly higher ground in Sutherland and Caithness. Maximum temperature 5 deg C (41 deg F).

Outlook for Monday to Wednesday:
Further rain overnight and Monday, heavy in west with localised flooding. Perhaps reverting to snow on high ground before clearing from north. Sunny spells Tuesday. Rain preceded by snow Wednesday.
